

Position: Professional Senior Architectural Technologist

BPAS Architects Cape Town, Western Cape, South Africa (On-site)

Join BPAS Architects in Tygervalley, Cape Town, as a Professional Senior Architectural Technologist

Seniority Level: Senior level

Industry: Architecture and Planning

Employment Type: Full-time

Creative Architecture for Complex Projects. Step beyond blueprints and boundaries to design timeless spaces and create impactful masterpieces. **People first**—let's build a future focused on what they need. We're seeking a professional with a B. Tech or Equivalent in Architecture, 10+ years of post-qualification experience, and proficiency in the Autodesk Suite. SACAP registration will be advantageous. We'd love to hear from you if you're ready to contribute your expertise to our team.

Only candidates who meet the criteria will be considered and contacted.

Required Qualifications & Experience:

- 10+ years' work experience
- SACAP professionally registration (advantageous)
- Advanced Technical Detailing
- Comprehensive Construction Documentation, with knowledge of JBCC
- Proficient in Revit Architecture & AutoCAD (min 8 Years)
- Site and Construction Administration
- Experience in Rendering Software (advantageous)
- Effective Time Management, Collaboration and Teamwork

Skills:

- Excellent Communication Skills (Written & Verbal) in English
- Leader & Ambassadorship
- Technical Architecture & Detailing
- Regulatory Compliance & Building Standards
- Project Delivery & Site Administration
- Professional Practice & Mentorship

Purpose of my role:

As a Senior Architectural Technologist at BPAS, you will bring practical design ideas to realisation. Assist in the technical detailing, coordination, and site work. Work in all stages from Inception to close out, including preparing technical drawings, ensuring compliance with building codes, conducting site visits, and managing on-site processes. You will collaborate with Project Architects to align the design vision and project objectives.

Your role will drive client satisfaction, build trust, and foster repeat business by maintaining high-quality standards in design and construction, and ensuring projects meet strategic goals. Additionally, you will ensure on-time and within budget delivery of projects.

Personal attributes:

- Strategic Problem-Solving, Accountability & Integrity, Technical Leadership, Commitment to Excellence, Risk Foresight & Mitigation.

Technical KPIs:

- Quality Assurance & Documentation Accuracy, Project Delivery & Schedule Efficiency, Studio Quality Assurance, Site & Construction Execution Support.

Key Responsibilities:

- Lead the production and quality control of comprehensive technical documentation packages, working drawings, construction details, and schedules.
- Translate conceptual design schemes into constructible, high-performance technical packages that align with budget and aesthetic intent.
- Attend regular site meetings and conduct technical inspections to verify that construction works conform to approved working drawings and specifications.
- Guide and coach candidate technologists, junior staff, and drafting technicians on construction technology, detailing, and code application.

Benefits:

Opportunity to grow professionally within a future-focused architectural practice. We offer highly competitive remuneration package, including pension contribution, and performance bonus based on KPI's.

Steps to take:

1. Apply via email: careers@bpas.co.za
2. Attach updated CV with contactable references
